

Dear Janis,

Paul and I LOVED our wedding - thank you for the fabulous music!! I danced the night away, so much so that when I was told it was time for me to go change, I changed my mind instead :>) and decided I'd rather stay on the dance floor and be with our guests until the very end!

The music and singers were wonderful! We have received so many lovely compliments on our wedding - elegant yet fun, with a fantastic mood in the room!

Thank you for helping us to make the night so special. And a special thank you for playing "back-up" band for Neal and Judy Goldfinger, and Patricia Peshoff while they surprised me with the dedicated songs that Paul had asked them to sing for me.

Sincerely,

Julie Marshall :>)
