Janis Nowlan Orchestra

Reference: Shiffrin/Silver - Wedding

Dear Janis,

Thank you for an amazing evening. Everyone knows that no matter how much planning goes into an affair, it is the orchestra that makes or breaks it. The Janis Nowlan Orchestra is fabulous and was the catalyst that made all of our hard work for Melissa and Mark's wedding pay off.

Our wedding guests included many who live in the major east coast cities of Boston, New York, Philadelphia, and Washington. They are seasoned travelers who have experienced the world's finest hotels, restaurants and many, many wedding celebrations. It is this group of people who have gone out of their way to call and write me to express how wonderful the wedding was in every detail. Always, among their comments is the phrase ... "and what a great band!"

Your orchestra has an outstanding reputation that is only augmented when one has the opportunity to work with you. When the Hotel du Pont learned you would be playing that night, they were delighted. Your professionalism, efficiency, cooperation and customer orientation are appreciated by all. You are a delight to deal with and we were so pleased to have you on the team.

But most important, of course, was the quality of your efforts. The entire orchestra is terrific. Your instrumental and vocal talents, versatility, and sound quality...I have experienced no better. The crowd loved you as evidenced by their participation. Melissa and Mark were ecstatic.

Thank you also for arranging for the Shaw Strings to play during the ceremony. They were a lovely asset.

With our deepest appreciation,

  
Paul and Faith
