

Dear Janis,

We do not want to wait any longer to let you know how happy we are that your band performed at our wedding. You were absolutely fantastic!!!!!! You truly set the tone for the evening and that tone was "to have a blast"!

The cocktail hour was so elegant and festive with the jazz trio playing music to our ears. And, the reception felt like one big party just like we wanted it to. We danced all evening long and it was fabulous. We did not want the night to end.

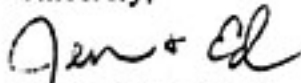

The timing was more than perfect. Your idea to coordinate the timing of the menu with the music throughout the night was brilliant. Immediately following dinner the party was hopping! One of our favorite memories of the night happened to be when you called out to me (Jen) on the dance floor and asked if I wanted to stop the music in order to do the "tossing of the bouquet and the garter" tradition. And, I enthusiastically replied, "No way! Let's keep dancing!!!" Our guests loved it!

We appreciated that you understood we were in party mode and you took care not to interrupt that atmosphere. You were so right when you said that you pay attention to the crowd and you play music according to their tastes. The dance floor was packed all night!

We are also glad that we decided to loosen up a bit and throw our "Must Play and Must Not Play" list to the wind. It was the best decision we ever made. The lengthy history your band has together proves that your band knows what they are doing. We did not have to worry at all.

Even four months later, my guests still comment on how fabulous our wedding was and how fabulous our band was. We are so appreciative of your talent and we recommend your services to all our friends who are engaged! Thank you so much for your knowledge and expertise. It is priceless!

Sincerely,

  
Jen and Ed Miskiel

P.S. Note to future brides: Relax and let the experts do what they do best!
