Janis Nowlan
Janis Nowlan Orchestra

Dear Janis:

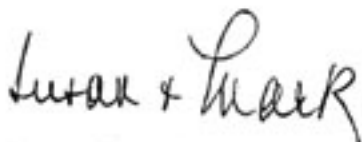

Thank you for an exceptional evening. Your orchestra is incredible, the musicians, the vocalists, their talent, their sound and your versatility to do all the music that we asked you to do. Mark and I have been to many affairs with our friends and family over the years and we have never experienced a more joyful event. Our guests kept asking us, "Where did you find this orchestra?"

There are so many details that go into planning a wedding and the band can make it or break it. It was reassuring to us when we told Mary White at the Down Town Club that you would be doing our music and she said you were terrific and was delighted to work with you again. Many of our guests have called and written to convey to us what a wonderful night it was, right down to the music. Many were very impressed with your Rhapsody in Blue during the meal and the sound modulation that allowed them to both listen to the music and speak to the person next to them at the table. I wouldn't be a bit surprised if you were contacted by some for their own upcoming affairs.

Mark and I want to thank you for learning our special song. We were delighted with the way it was played and it brought back so many memories for us. We have never been to an affair where everyone was up and dancing all the time. Jordan and Lori were thrilled with the music and they kept leaning over to us and thanking us for finding you and your orchestra.

You are a delight to work with, professional and caring. If you have any prospective clients that aren't quite sure of their decision, please have them call us. We would be honored to give you and your orchestra a reference.

With sincere appreciation,

Susan & Mark
